## Introduction to Bridge

This class is for those who have never played bridge and for those who might have tried it and said I can't pick it up that fast. The class will meet eight times between April 10<sup>th</sup> and May 30<sup>th</sup>. The first class will be Wednesday, April 10<sup>th</sup> at 5:00 PM. This class will meet about 7 more times to learn the basics of the game at a pace that has worked well in previous classes.

Why learn to play bridge? Bridge can be a lifelong pursuit. Bridge is one of the best "mind-boosters" because it stimulates both sides of your brain; it is social; it is a bargain (you just need three other people and a deck of cards); and, the most important—It is fun.
