Paynesville Census 0-4 year olds

Is there a new addition to your family? Paynesville Early Childhood Family Education keeps current records on the number of 0-4 year olds living in our district. These numbers are used to get state aid for our Early Childhood Family Education program. The school district also uses this information to schedule preschool screening for three and four year olds during the year. We do not want to miss you. If you have a child between the ages of 0-4 and they were not born at the Paynesville Area Hospital, please call us at 243-7570 and we will make sure your child is on our census. Thank you for helping!!!

BUSSING

Bussing is available from established district bus stops (space permitting). To school for the morning session and from school for the afternoon session. Bussing will be determined once your child is registered.

SCHEDULE

Starting date is September 7, then will follow the 2021-2022 school calendar. (days off and for weather cancellations) If school is two hours late, no AM Preschool. If there is an early release no PM Preschool. The Bright Arrow notification system will be used to help communicate these cancellations to parents.

FULL DAY PRESCHOOL NOW AVAILABLE

Please see below for information about our Preschool Plus Program. Preschool Plus provides a Full Day Preschool Option.

PAWS school aged childcare program will be available to those children enrolled in our 4 Year old Preschool Program. This means the AM preschoolers can utilize the before school care and all day care for weather related school cancellations. The PM preschoolers after school care and also all day care for weather related school cancellations. Call Community Ed for more info at 243-7570.

IMPORTANT: Information Packets will arrive at the beginning of August, and will be filled with details such as snack information, supply needs & parent meeting.

4 Year Old—2021-2022 Preschool Program

SWIMMING LESSONS

Swimming Lessons Preschool-Level 3 Paynesville Inn & Suites

Level III-Stroke Readiness (Beginners +) Level III is to build on the skills in Level II by providing additional guided practice. Level III skills include: coordinate the front & back crawl, elementary backstroke, fundamentals of treading water.

Covid Guidelines

Students will need to arrive dressed and ready to go. Students must wear a mask while waiting to enter the pool. No one will be allowed to change after class. Only the class participant and one guardian/spectator is allowed during class due to capacity limits.

Level I-Water Exploration (**Pre-Beginners**) Level I is to help students feel comfortable in the water and to enjoy the water safely. Students start to develop good attitudes and safety practices around the water. Level I skills include: fully submerge face, buoyancy and breath control, supported float on front & back, blowing bubbles, water entry & exit, locomotion (walk through water safely) and supported kicking on front and back.
***Child must be at least 3 feet tall and be able to stand in the pool independently.**

Level II-Primary Skills (Beginners) Level II gives students success with fundamental skills. Students learn to float without support and to recover to a vertical position. This level marks the beginning of true locomotion skills and adds to self-help and basic rescue skills. Level II skills include: hold breath and fully submerge head, retrieve objects, orientation to deep water, prone float of glide (unsupported), supine float of glide (unsupported), rhythmic breathing, step from the side into chest deep water, get out at side of pool, flutter kick on front and back, finning on back, back crawl arm action combined, stroke front, etc.

Preschool Swim-. (4 & 5 year olds). Classes will focus on basic water safety, entry, exit, blowing bubbles, submerging mouth, nose, eyes, and ears. Introduction to floats and stroke fundamentals using songs, games and play. Does not require parent in Pool.

YOUTH

Virtual Coding Competition Gr 3-9

Build a computer bot to play head-to-head against other coders! Players will be broken into pools based on age for competitive and fair play. Whether this is your first Code Championship event, or if you've been competing for years, this is the perfect way to explore the competitive coding world of Code Championship. No previous coding experience necessary. This event will be hosted online using Google Meet and the Code Championship website. If you have a modern browser like Chrome or Firefox, no additional download is required. Please come knowing how to navigate the internet (basic typing and mouse control). The link to the Google Meet event will be emailed two days before the tournament.

Time: 7:00 PM-8:30 PM

Fee: \$27 **Min:** 4 **Max:** 8

Instructor: Code Championship Instructors

Location: Your Own Home (Virtual)

SUMMER FUN!

Travel Softball League Grades 3-8

Travel teams will be created based on the athlete's age as of December 31, 2021. They will be placed on teams and will travel or host games on Tuesday or Thursday nights depending on age throughout June and July. Doubleheaders allow for more play and situational discussion of play at that time. We want to see our program continue to be successful and by taking advantage of this league athletes can excel their abilities and improve the team around them.

Our coaches have provided a strong foundation, and now it is time to continue to build on that. If you are interested in coaching any of the levels please contact Paynesville Community Ed at 320-243-7570.

Class Code: S1030

Fee: \$19 (Design creations supplies included)

Location: High School Innovation center

Min: 4 **Max:** 6

Instructor: Anita Flanders

Registration Deadline: July 29

Sublimation Printing for Adults

Customize a blank mug, a keychain, earrings, coasters, tiles, and more. Learn about **Sublimation printing** in our Innovation center.

Create products that are long-lasting and

feature distinct colors and high-resolution quality. You will learn how to use the

dye sublimation process to achieve vibrant, everlasting graphics.

While the name might make the process seem complicated and techy, it's actually quite simple to understand. The artwork is transferred to an object in a gas state by using a high temperature heat press during the dye sublimation printing process. It differs from traditional printing methods because it bypasses the liquid step. There are no inks drying to the printed object. Stop by and try it for yourself!

Date: June 24

Time: 5 pm - 7 pm

Class Code: S1036

Fee: \$19 (one sublimation mug included, other sublimation blanks can be purchased)

Location: High School Innovation Center

Instructor: Anita Flanders

Min: 4 **Max:** 6

Registration Deadline: June 17

Explosion Box

(Scrapbooking for adults)

An explosion box takes a greeting card to the next level. It takes all of your well wishes and greetings, and puts them all in a box. It's made from sheets of cardstock that nest inside each other. When it's folded up the lid is on

top, it looks like a normal gift, but when you take off the lid the layers "explode" to reveal photos, notes, and other decorations. It's really fun to put together.

What you need to bring: pictures and images that you would like to include in your explosion box! (2.5x2.5in and smaller) We will have paper available, but if you wish to use specific colors or designs, you will need to bring your own.

Dates: July 14 & 15 (class includes both days)

Time: 5pm - 7pm

Class Code: S1039

Fee: \$32 All Supplies included

Location: High School Innovation center

Instructor: Anita Flanders

Min: 4 **Max:** 6

Registration Deadline: July 7

Extroirdinary Creations!
